NISI DOMINUS FRUSTRA
DURBAN GIRLS' COLLEGE
Inspiring independence
and developing confidence, since 1877

College House equips every young girl with the environment she needs to fulfil her academic, sporting and cultural aspirations, while developing the confidence and independence she will carry into her years as a woman.

A sisterhood beyond age

The College House environment creates the very spirit of sisterhood. The 'boutique' boarding school allows for individual attention, and close-knit, life-long friendships to form, as many of the DGC Old Girls will attest to.

Open-door flexible boarding

An open-door policy allows parents to visit whenever they are nearby, and for the girls to go home when they please or attend a special occasion. Our boarding options provide flexibility to fit each family's needs.

Making excellence a habit

A focused, academic environment and support ensures that homework is done by the time they leave on Friday. Being on-campus has many advantages for those pursuing sports too, making extra use of the outstanding sporting facilities.

Home away from home

We know home feels like a warm hug and smells like mum's meals. College House prides itself on its gracious, safe and comfortable environment, set in the tranquil gardens. Food is every girl's fuel – and there is plenty of it, with fresh and delicious meals served daily.

Be a part of the Durban Girls' College experience

Durban Girls' College teaches young girls to not only look at the bigger picture of life, but also to realise their place and potential within it. The school inspires a sense of confidence and curiosity in young girls, so that they feel empowered to take their stance as independent and courageous women of our society.
