DURBAN GIRLS' COLLEGE

148 Years of Academic Excellence

Last year, 78 inspiring young women embarked on their matric journey and demonstrated what it truly means to "Lead Her Ship". Through courage, collaboration and steadfast purpose, the Class of 2025 forged their own path to outstanding success. Their achievements reflect not only academic excellence, but the strength of character, leadership and purpose that define a Durban Girls' College education. We celebrate each girl for the unique journey she has taken, and the exciting future she is ready to forge.
